

Mesure CM1/CM2 - Les angles 1

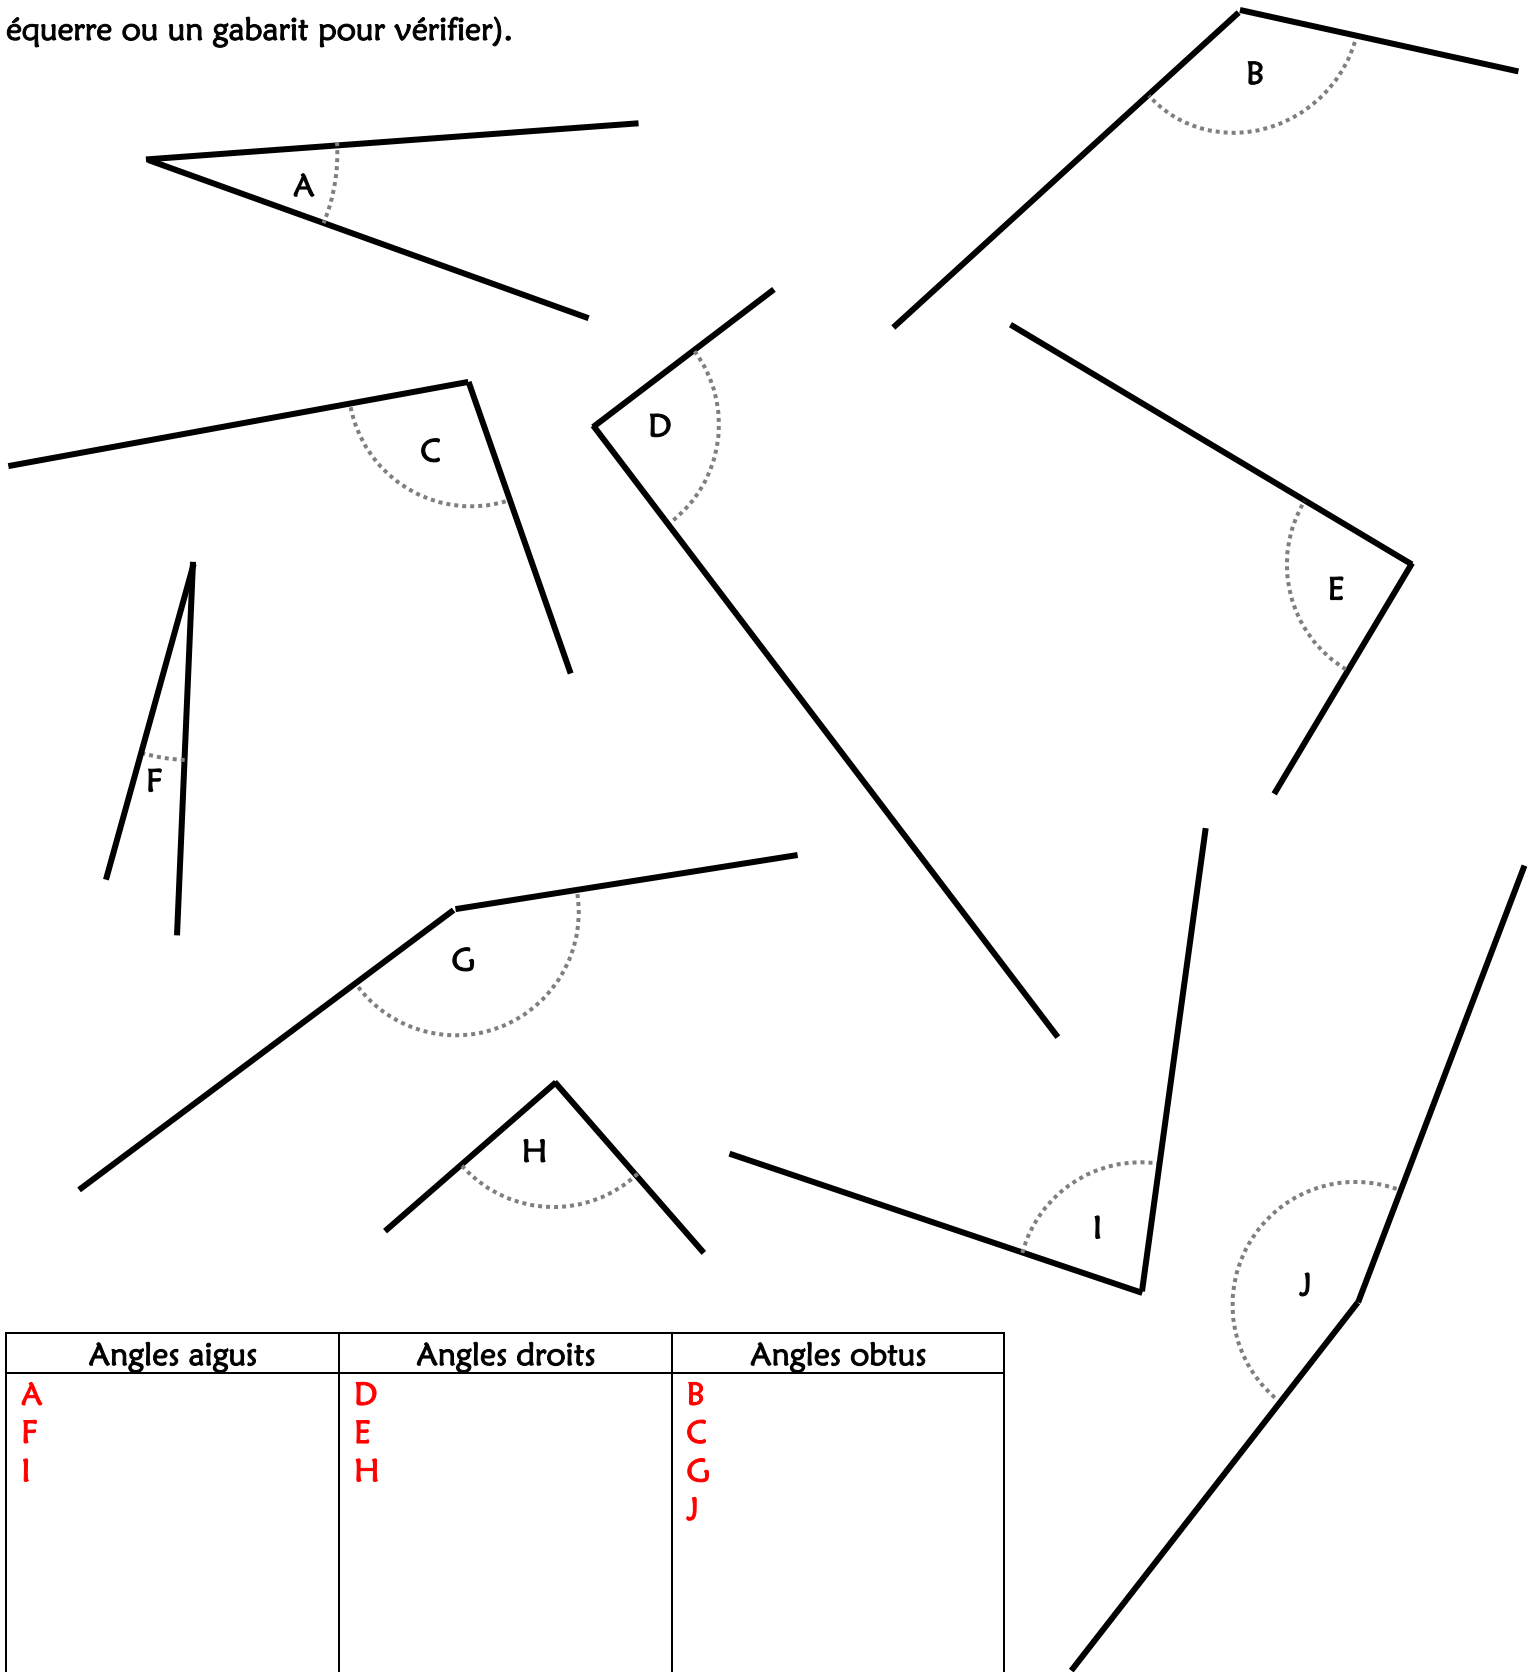

Sur cette feuille, place chaque angle dans la bonne colonne en recopiant la lettre (tu dois utiliser une équerre ou un gabarit pour vérifier).

The image displays ten different angles, each marked with a dotted arc and a letter from A to J. Angles A, F, and H are acute (less than 90 degrees). Angles C, D, and G are right angles (approximately 90 degrees). Angles B, E, I, and J are obtuse (greater than 90 degrees).

Angles aigus	Angles droits	Angles obtus

Mesure CM1/CM2 - Les angles 1 **Corrigé**

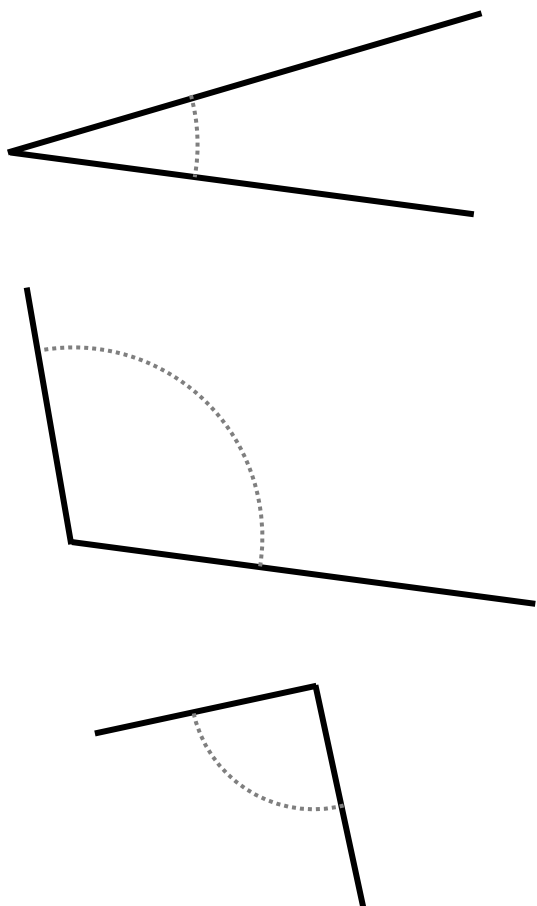

Sur cette feuille, place chaque angle dans la bonne colonne en recopiant la lettre (tu dois utiliser une équerre ou un gabarit pour vérifier).

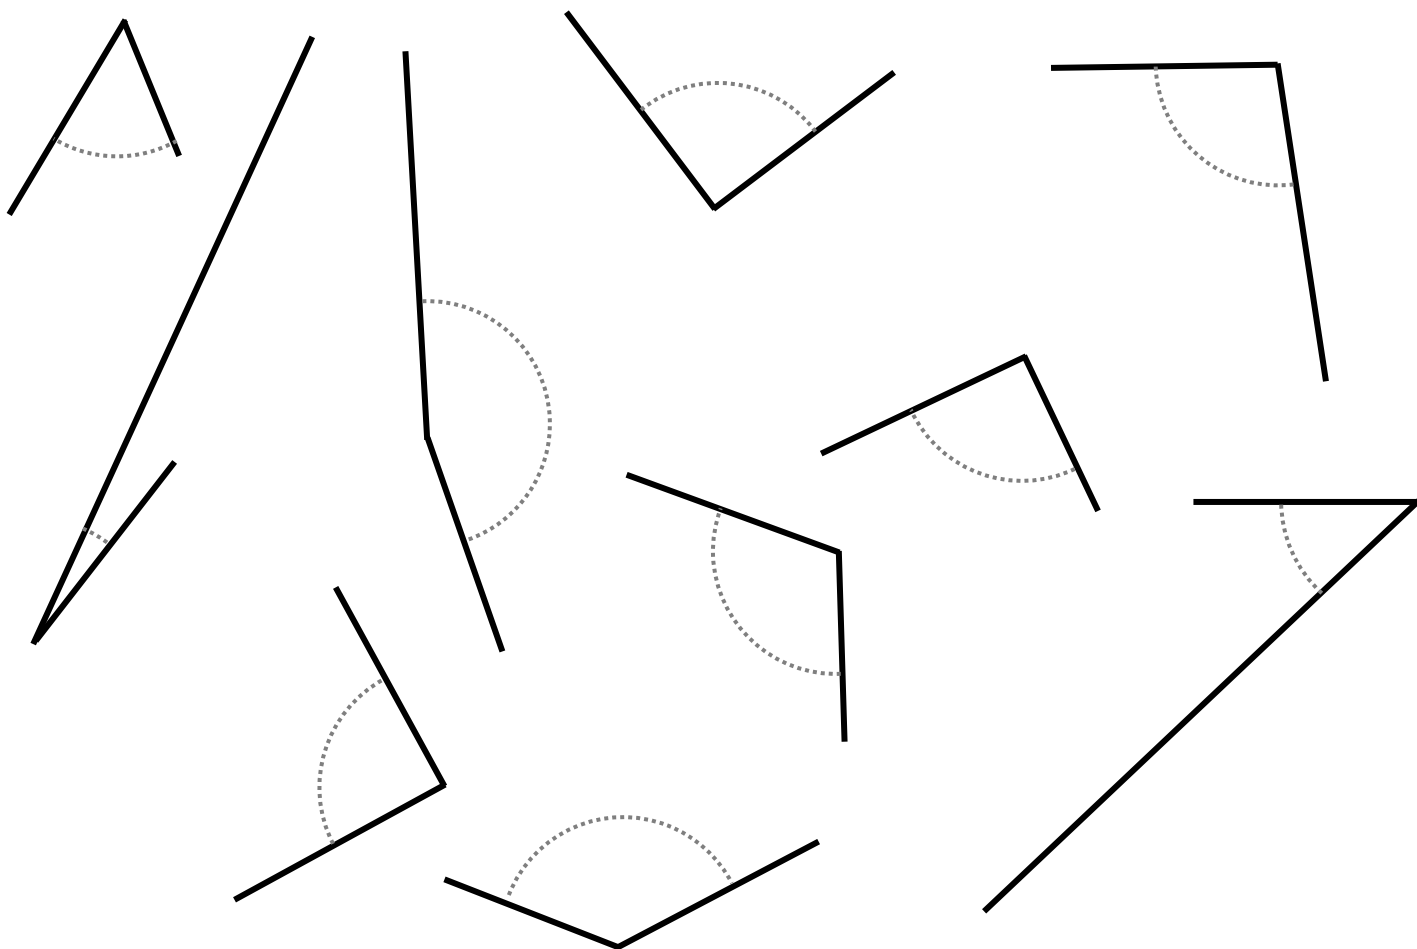

Angles aigus	Angles droits	Angles obtus
A F I	D E H	B C G J

Mesure CM1/CM2 - Les angles 2

1 - Sur cette feuille, reproduis ces angles sur papier calque, et colle-les.

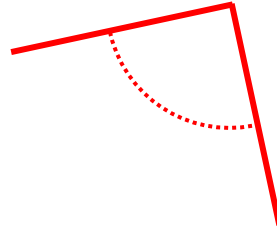

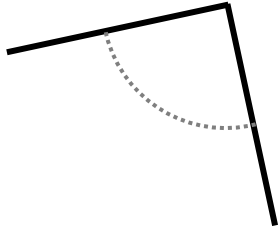

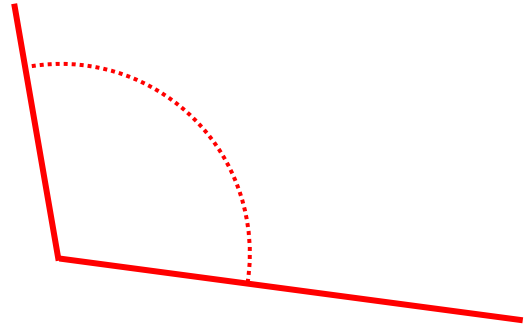

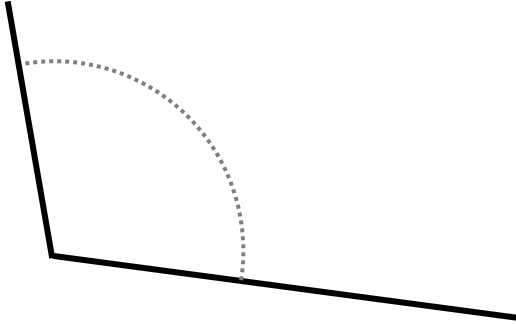

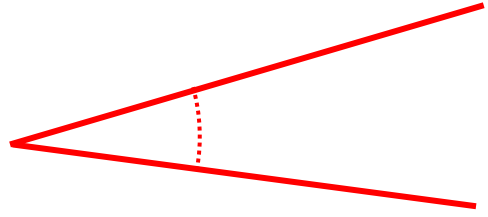

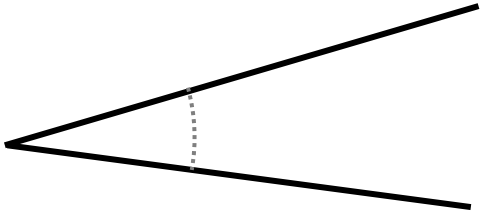

2 - Sur cette feuille, colorie les angles de la bonne couleur (tu dois utiliser une équerre ou un gabarit pour vérifier) : les angles aigus en bleu, les angles droits en rouge et les angles obtus en jaune.

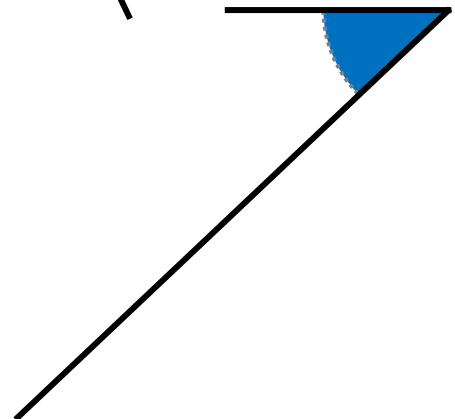

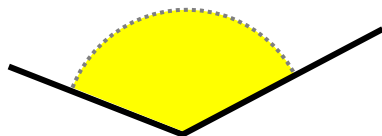

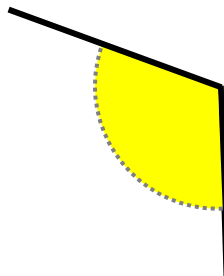

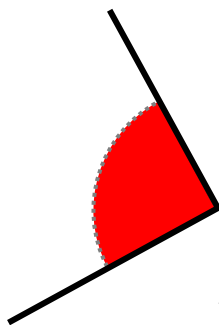

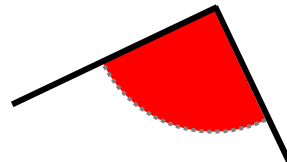

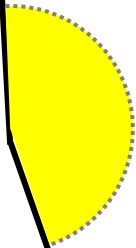

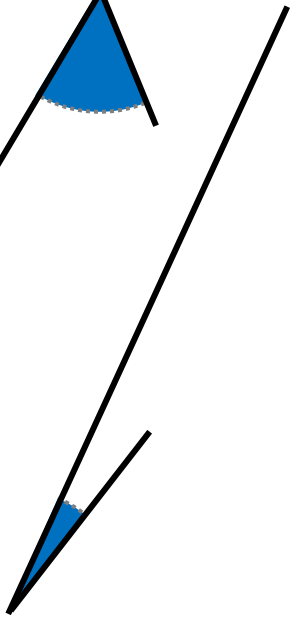

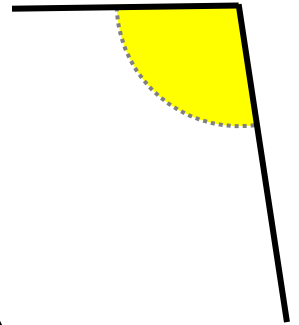

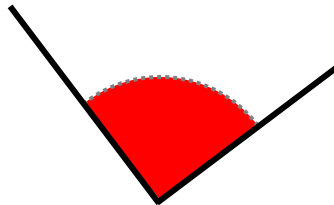

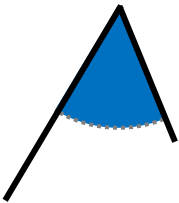

Mesure CM1/CM2 - Les angles 2 **Corrigé**

1 - Sur cette feuille, reproduis ces angles sur papier calque, et colle-les.

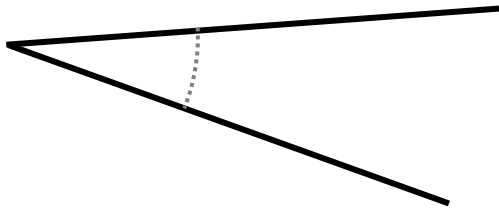

2 - Sur cette feuille, colorie les angles de la bonne couleur (tu dois utiliser une équerre ou un gabarit pour vérifier) : les angles aigus en bleu, les angles droits en rouge et les angles obtus en jaune.

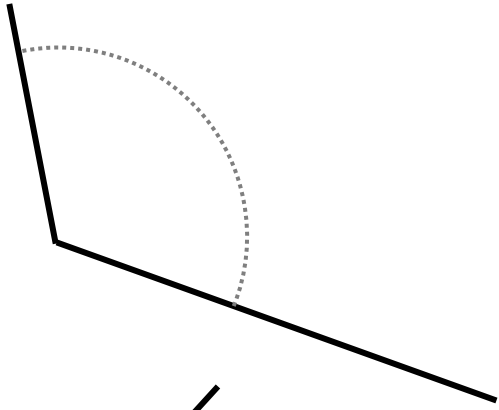

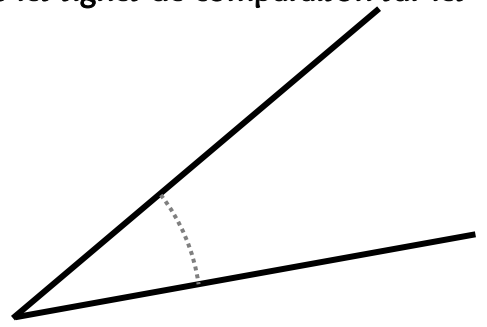

Mesure CM1/CM2 - Les angles 3

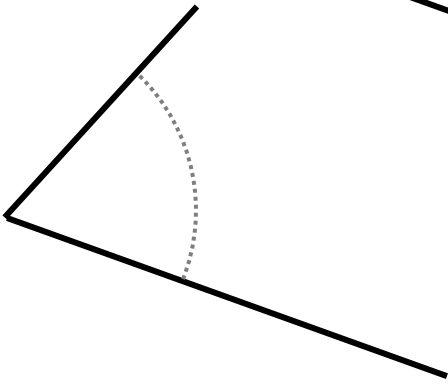

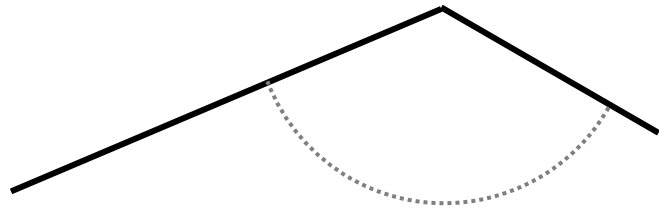

1 - Sur cette feuille, compare ces angles à l'aide du papier calque (écris les signes de comparaison sur les pointillés).

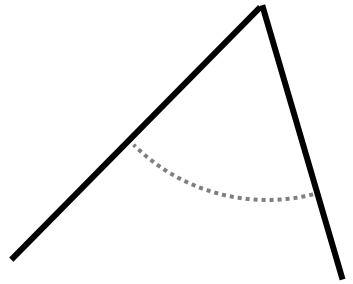

.....

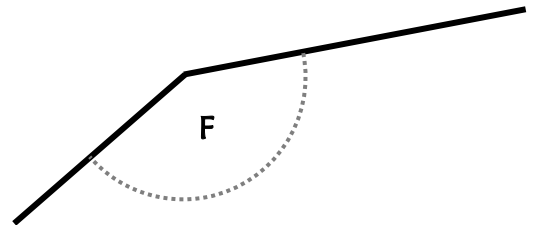

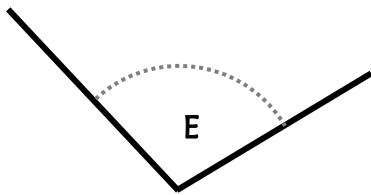

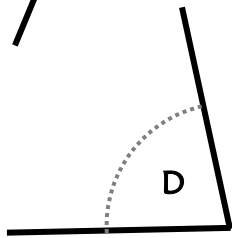

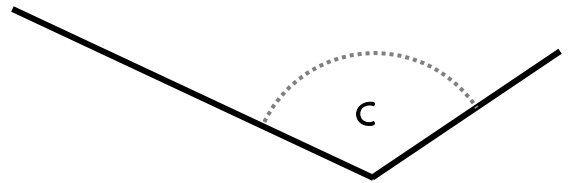

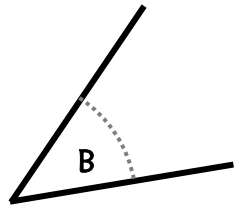

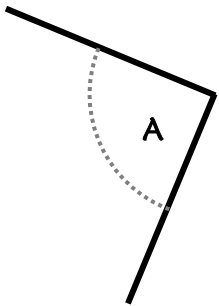

.....

.....

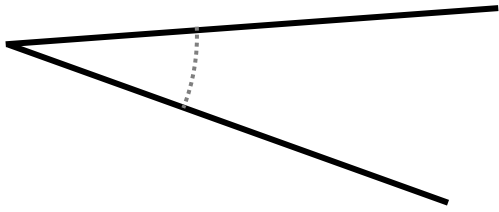

2 - Sur cette feuille, range ces angles (du plus aigu au plus obtus).

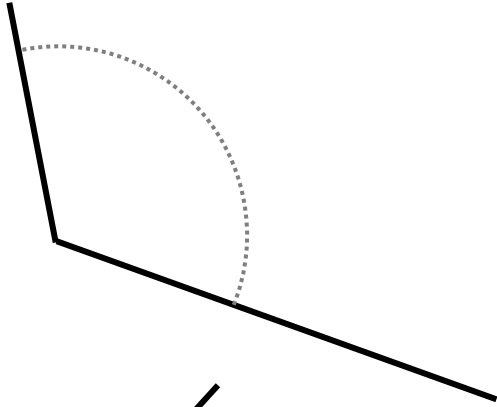

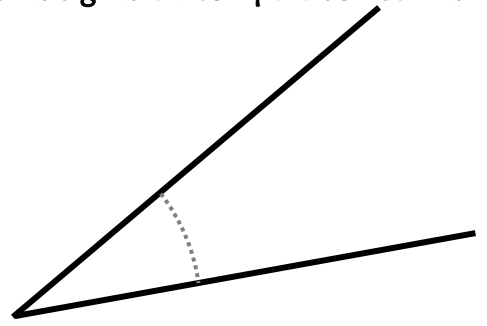

..... < < < < <

Mesure CM1/CM2 - Les angles 3 **Corrigé**
